Re: Case # 86-26

Dear Mr. Williams:

I have been a resident of Cleveland Park and Ordway Street for almost seven years. I am most distressed by the current proposal of large-scale development in my neighborhood. It would irreparably alter the ambience of the neighborhood in a very negative way.

I am writing to support the Cleveland Park Historical Society and the ANC 3C proposal to modify the zoning in the commercial area along Connecticut Avenue between Macomb and Porter Streets. To reflect its designation as a historic district, this area should continue to be limited to small, neighborhood-oriented retail establishments. Besides the many aesthetic considerations, large-scale development will increase traffic and parking problems that are already at an unacceptable level. Parking spaces are not available through my apartment building, and more often than not I am not able to find a parking space on my street.

Sincerely,

  
Ann Greer
