ZONING COMMISSION

CASE No.

86-26

EXHIBIT No.

Dear Mr. Williams:

I urge you to preserve (help us preserve) the residential nature of Connecticut Avenue by changing the zoning. The parking situation between Macomb Street & Porter Street on Connecticut and the side streets is already ghastly. In summer the pollution is beyond all. I have lived here for 35 years and every year has seen the above grow worse. I could write a detailed description of what will happen to the neighborhood if the developer gets his way. I shall refrain. I will simply add my protest to the protests of the other residents of the neighborhood.

Sincerely yours
