Re: Case # 86-26

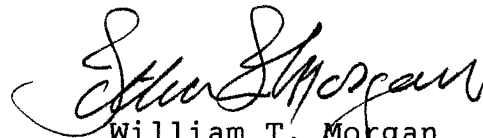

Dear Mr. Williams:

Does the city really need another Van Ness Center? I live in the neighborhood of Cleveland Park, and you may be assured that I do not. I urge you and the Commission to assist the Cleveland Park Historical Society, the ANC 3C, and the residents in retaining the character of our neighborhood.

You have the choice of fulfilling your responsibility or violating the spirit of the trust placed in you.

We are both aware of the support of Cleveland Park business people for the proposed structure. That is understandable; they believe that such a building will attract more business for them, and I am sure that they are correct in that assumption. They, however, do not live there. Neither do you. Think for a moment about what you would believe the Commission's responsibilities to be if we were talking about the street where you live.

Mr. Williams, the Zoning Commission has a chance not to be a joke. Why would you choose to do otherwise?
