Mr. Lindsay Williams  
D.C. Zoning Commission  
1350 Penna Ave.  
D.C. 20004

Dear Mr. Williams,

I am writing you as a citizen concerned about the encroachment of developers in our Cleveland Park historic district. I am referring to the proposed construction on the old Park and Shop property on Connecticut Avenue. We do not need an office building. We need service shops like there once there; shoe repair, laundry, barber, drug store, book store, small specialty shops.

I understand there is already

a glut of office space in the district.

It makes no sense to add to it,  
and in the process demean the quality  
of life in our Cleveland Park  
neighborhood.

Are you serving the developers?  
or are you supposed to be serving  
the public interest? What about  
the Comprehensive Plan which  
calls for small service shops?

Please search your conscience  
and act in behalf of our  
neighborhood.

Sincerely,

Ruth Hunsberger
