Re Case 86-26
ZONING SECRETARIAT
DISTRICT OF COLUMBIA

Dear Ms Bennett,

Please adopt the Cleveland Park Historical Society position & limit PUDs to 40 feet + 2.0 FAR.

The traffic problems in our area are intolerable & the addition of the Park & Shop development, at least as I understand it, will add few parking spaces & markedly increased traffic.

For me it's a simple matter: if the Park & Shop (+ other development) can be kept in proper scale our neighborhoods will be enhanced. If not there will be a continued flight to the suburbs & DC will a silent city of office buildings at night interspersed with ever increasing war zones - not what anyone should want. Please help. Thank you.
