Re: Case 86-26
(Cleveland Park)

Dear Ms. Bennett.

Since we moved into Cleveland Park in 1968 my wife and I have seen some major changes. Cleveland Park is still a beautiful place full of families with children and a strong sense of neighborhood but it is noisier, not just on weekends but all week long; there is more litter; there is more illegal parking - not just on Friday nights as it was in 1968 but all the time - and the traffic is far heavier. On weekends we simply give up shopping trips or visits to the C & O canal because we just can't fight 34th St. or Wisconsin Ave traffic.

We know there has to be growth and change but please do what you can to keep this a place where people with a family and sense of neighborhood want to live.
