Ms. Maybelle Bennett, Chair
D.C. Zoning Commission
1350 Pennsylvania Avenue, NW
Washington, DC 20004

Re: Case 86-26

Dear Ms. Bennett:

I am writing you to urge serious consideration and acceptance of the position of the Cleveland Park Historical Society's position concerning high-rise development in the Cleveland Park Historic District. As a working professional in historic preservation planning, I can clearly attest to the enormous benefit that carefully considered low-scale zoning can provide for historic residential and small scale commercial neighborhoods. As a resident of Cleveland Park for over 11 years, I have been pleased to enjoy living in a neighborhood that harvests the benefits of small commercial enterprises housed within historic buildings designed to handle local traffic.

Please take these comments into consideration as you complete your deliberations. I am sorry other commitments prohibit my attendance at the hearing itself.

Thank you.

Sincerely,

Amy Schlager
National Register of Historic Places
National Park Service
