

1
Mr. Lindsley Williams,

We have a problem in my neighborhood of Cleveland Park.

We are on the verge of losing our Safeway store and it appears we may not get another supermarket in its place.

The circumstances that brought this about are ones which are certainly beyond your or most anyone's control. If the solution to this problem could be favorably affected by yourself and the Zoning Commission, I would urge you to do so.

The difficulties that myself and other residents (specifically, the large elderly population of the community) will be faced

With ~~once~~ if the Safeway 2
closes and no other supermarket
takes its place are not small
by any means. ~~Of~~ the people
who have chosen Cleveland Park as
their home, many do not own cars
because this neighborhood, by virtue
of ~~is~~ the Metro and the Safeway
mostly, allows them to do so.

They and the elderly will be
hard put to find and make use
of alternatives.

If you can help us, Mr. Williams,
please do. We need our Safeway.

Sincerely,

Michael G. Wheaton
