Dear Ms. Bennett:

I am writing to voice my opposition to high-rise development in the Cleveland Park Historic District. The area as it is is such a lovely, charming, mixed use community and the last thing we need is another Wisconsin Avenue/East-West Highway type situation. Traffic and parking are already a problem and high density development would only make matters worse, practically as well as esthetically. And as these last few days of ozone warnings have shown, additional traffic congestion would create additional health hazards due to pollution. Please keep our community as it is--a pleasant place to live, shop and visit.

Sincerely,

*Mary Nell Bryant*
