Dear Ms. Bennett,

I am writing to urge the D.C. Zoning Commission to limit PUD's in the Cleveland Park area. Our neighborhood is a district treasure, one of the few places where small, family run, ethnic stores can still flourish. If stores like the Vace Italian food store or the shoe repair right next door had to close, it would tear ~~at~~ the fabric of our community. In a neighborhood with so many elderly people, it seems all the more crucial to keep the services of small stores available, and not to overrun Cleveland Park with huge high rises and office buildings.
