ZONING COMMISSION

CASE No. 86-26

EXHIBIT No. 92

Dear Mr. Williams -

All the residents of this area are very concerned about the prospective closing of the Safeway store at 3427 Conn. Ave.

In order that another grocery may afford to locate there, it seems imperative that the height limitation not be increased - High-rise zoning leads to high rents --- and an absence of the small shops + businesses so needed by a community -

The entire 3400 block of Conn. Ave. has a wonderful variety of stores to please do not destroy their ability to remain here -

Sincerely,

Julia B. Foraker
