Subject: Case No. 91-2

Dear Alberto,
I understand that case No. 91-2 was originated by the applicant on January 14, 1991 and that since then there has been no movement made to push this case forward.

I have been on ANC 3E since January 2002 and have had no contact from the applicants asking for the issue/case to be resolved. I have no problem with this case being closed by BZA provided that the closure of the case does, in no way, preclude the applicant from resubmitting the same application in the future.

Sincerely,
Amy B. McVey
Chair, ANC 3E
