Hampton Cross
Director
D.C. Department of Consumer and Regulatory Affairs
614 H Street, N.W. -- Suite 1120
Washington, D.C. 20001

Dear Mr. Cross:

This is in regard to the Uline Arena, located at 3rd and M Streets, N.E., whose current occupant, L&G Industries, is operating with a Certificate of Occupancy to recycle construction materials.

As you are aware, however, L&G Industries is primarily engaged in operating as an intermediate solid waste transfer facility. Accordingly, I am requesting that you provide me with a formal determination on whether or not L&G Industries is operating at this location in violation of their certificate of occupancy.

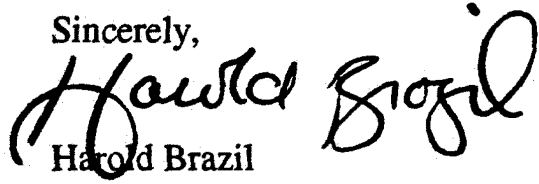

There is currently legislation before the Council purporting to regulate this business activity (Bill 11-36, the "Solid Waste Transfer Act of 1995"), that may result in the Department of Consumer and Regulatory Affairs ("DCRA") having to issue permits to businesses currently transferring solid waste, without respect to their having properly obtained certificates of occupancy. For this reason, as well as my concerns about immediate health and safety of the neighboring residents (outlined in my letter to you dated April 14, 1995), I would appreciate your written response to this request as soon as possible.
