Dear Ms. Robinson:

The H Street Community Development Corporation (HSCDC) supports the position of the community that the solid waste transferring cycle that currently is operating at the U-Line Arena should be removed.

Removal of this operation will rid the community of the persistant an offensive odors which have plagued the neighborhood since the operation was put in place.

HSCDC opposes any rezoning that allows for solid waste transfer in this community.

Sincerely,

William J. Barrow, III
Executive Director
