Re: Case 96-3/89-1. Buzzard Point VIA FAX: 202/ 727-6072

Dear Commission Members:

ANC 2D has been involved in, and has watched developments related to this case for the last decade. At our Commission meeting on July 7, 2001 the Commission again considered this case. The meeting was properly noticed and there was a quorum (three Commissioners) present.

Following an extensive discussion of the application and alternative actions, the ANC voted (4-1) to support the position of the Office of Planning. The ANC also recommends that the Board take appropriate action to protect existing housing in the area.

Sincerely yours,

Andy Litsky
Chairman
ANC 2D
