Dear Ms. Kress:

I am respectfully writing to request in the strongest possible terms that the Commission reschedule the hearing on Case No 96-3/89-1 (Map Amendment & Overlay District @ Buzzard Point). This rezoning holds the potential of having a major impact on our community in the coming years, an impact as large or larger than the urban renewal plan adopted 40 years ago. It is imperative therefore that our community have an opportunity for reasoned consultation and discussion prior to the hearing.

Unfortunately the timing of the hearing is extraordinarily inopportune. Many of the people we would want to consult with and who would want to participate in discussing the specifics of the OP proposal will be out of town on their traditional August holidays. The ANC, in fact, is not scheduled to meet again until September 16, depriving us again of another venue and opportunity for community evaluation and discussion. I have consulted with the Office of Planning as well as with some of the principal landholders in the area, and I am unaware of negative impacts that would flow from a modest delay in holding this hearing.

On behalf of the ANC 2D, therefore, I am requesting that the hearing be put off for 60 days.

Sincerely yours,

Linda S. Eckles
Chairperson
