

Traffic Management Plan

Lowell School shall take the following actions in an effort to minimize any traffic impacts from the School:

- 1) Set up a dual driveway system utilizing the 17th street entrance in the morning as it currently does, and developing the Kalmia entrance with internal stacking for the afternoon.
- 2) Actively manage the entrances and exits to the campus with an authorized individual.
- 3) Prohibit:
 - o Parking on the neighboring streets except for the scheduled occasions such as Grandparent Days, Auction night, Family Picnics, etc.
 - o Blocking driveways.
 - o Utilizing public alleys to access the School or neighboring streets.
- 4) Discourage using the neighborhood streets to the south to access the School (Juniper, Holly, Jonquil).
- 5) Meet jointly with DDOT to develop a strategy for traffic calming measures for the neighborhood.
- 6) Implementation of bus service for the 2011 school year.
- 7) Continue to organize efforts to encourage carpools for students, faculty and staff through the School's website and internal communications in order to link families that live near each other.
- 8) Develop walkway with crosswalk on Kalmia.
- 9) Provide Metro subsidy.
- 10) Provide new bicycle racks and access to showers for individuals who bike to work.
- 11) Publicize WMATA and school bus schedules.
