

Exhibit B- Relevant Maps

FLUM

Parks, Recreation, and Open Space

Includes the federal and District park systems, including the National Parks, such as the National Mall; the circles and squares of the L'Enfant city and District neighborhoods; settings for significant commemorative works, certain federal buildings such as the White House and the U.S. Capitol grounds, and museums; and District-operated parks and associated recreation centers. It also includes permanent open space uses such as cemeteries, open space associated with utilities such as the Dalecarlia and McMillan Reservoirs, and open space along highways such as Suitland Parkway. This category includes a mix of passive open space (for resource conservation and habitat protection) and active open space (for recreation). While included in this category, parks smaller than one acre – including many of the triangles along the city's avenues – may not appear on the map due to scale.
