RE: BZA Case 19629/Exhibit #37 clarification of position

Dear Sir,

We (Emily Wei and Carl Balit) are the owners of 1700 Hobart St. We are writing to clarify our opposition to Case 19629. Exhibit #37 misrepresents our position on this project. For the avoidance of doubt, we are opposed to the proposed project at 1665 Harvard and we have filed for party status to that effect.

On October 22, 2017, we emailed Mr. Lawrence to clarify our opposition to his project and asked him to remove our initial email (i.e. Exhibit 37) from the IZIS site. Mr. Lawrence acknowledged our opposition and said that he would communicate our position to our legal representation.

We respectfully request that you accept this document as reflecting our official position on this project.

Best regards,  
Carl Balit and Emily Wei
