Re: Homeowner renovation of 2339 3RD Street NE, Washington DC 20002

Dear Homeowner of 2339 3RD Street NE, Washington DC 20002,

The ANC 5E10 has reviewed your request for support on a project that may need a BZA clearance. Based on the description you have described you will like to extend the structure; an additional, 10-feet from the backside on an end unit home.

I have seen 3-neighbors letters supporting this project, plans, and an application.

Based on the information received this is a project that is existing and needs to obtain a permit to remain.

ANC 5E10 does not have any issues with the construction and supports the project.

Sincerely,

Commissioner Nancy Jones

Re: **BZA Application**
Square 3558 Lot 51
2339 Third Street, NE
Washington, DC 20002

To whom it may concern:

I am a neighbor of David Douglas' property at 2339 Third Street, NE. I have been advised by David, that he is applying for a Special Exception/Variance to construct a 10.0 foot rear addition to his home. I have seen an elevation and site plan of the proposed rear addition.

As a neighbor I have no objections and I am in full support of the proposed addition. The addition will not affect the enjoyment and use of my own property. Furthermore, I look forward to the improvement as this will contribute to the beautification of the neighborhood and hopefully raise property values.

Sincerely yours;
