

GOVERNMENT OF THE DISTRICT OF COLUMBIA
DEPARTMENT OF TRANSPORTATION

d. Planning and Sustainability Division

MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment

FROM: Anna Chamberlin
Project Review Manager 

DATE: January 17, 2018

SUBJECT: **BZA Case No. 19677** – 5212 Astor Place SE

APPLICATION

Plant the Seed Youth Treatment Services (the “Applicant”), pursuant to Title 11 (2016 Zoning Regulations) of the District of Columbia Municipal Regulations (DCMR), Subtitle X, Chapter 9, requests a special exception under the use provisions of Subtitle U § 203.1(e), to increase the occupancy of an existing community-based facility from six (6) to 15 persons in the R-2 Zone. Two (2) vehicle parking spaces are provided at the rear of property accessed via a driveway from Astor Place SE. The Applicant is not required nor proposing any additional vehicle parking spaces. The site is located at 5212 Astor Place SE (Square 5308, Lot 25).

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicant’s request and determined that based on the information provided, this proposed action will have no adverse impacts on the travel conditions of the District’s transportation network. DDOT has no objection to the approval of the requested special exception.

Public Space

This review only pertains to zoning issues and does not consider potential impacts to District owned public space. DDOT’s lack of objection to the requested special exception should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT’s permitting process. The Applicant may refer to Titles 11, 12A, and 24 of the DCMR and DDOT’s recently released 2017 Design and Engineering Manual (DEM) for specific controls of public space. A summary can also be found in DDOT’s Public Realm Design Manual.
