TO: District of Columbia Board of Zoning Adjustment

FROM: Anna Chamberlin
Project Review Manager 

DATE: March 29, 2018

SUBJECT: BZA Case No. 19736 – 1928 15th Street SE

APPLICATION

Mi Casa, Inc. (the “Applicant”), pursuant to Title 11 (2016 Zoning Regulations) of the District of Columbia Municipal Regulations (DCMR), Subtitle X, Chapter 10, requests an area variance from the lot dimension requirements of Subtitle D § 302.1 to construct a new principal dwelling unit on a vacant lot in the R-3 Zone. The site does not have access to a public alley, and as such, no vehicle parking is required per Subtitle C § 702.3. The site is located at 1928 15th Street SE (Square 5766, Lot 800).

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicant’s request and determined that based on the information provided, this proposed action will have no adverse impacts on the travel conditions of the District’s transportation network. DDOT has no objection to the approval of the requested variances.

Public Space

DDOT’s lack of objection to the requested variances should not be viewed as an approval of public space elements. All elements of the project proposed in public space, such as the proposed lead walk, will require a public space permit through DDOT’s permitting process. The Applicant may refer to Titles 11, 12A, and 24 of the DCMR and DDOT’s recently released 2017 Design and Engineering Manual (DEM) for specific controls of public space. A summary can also be found in DDOT’s Public Realm Design Manual.
