To Whom It May Concern,

My wife and I are in stern opposition to the proposed development of the lot on Edmund's and Wisconsin. The proposed development goes counter to the safety, capacity, and comfort of the residential community we have sought to raise our children in.

The proposed development will increase traffic and congestion in a residential community where we take pride that my 2 and 5 year old daughters can ride their bikes on our streets without fear. The increase demand on local parking capacity, that is already stretched to accommodate church and temple visitors, is not tenable. Lastly a multi unit commercial development is not why we and many of our neighbors have chosen to raise our families here. The look and feel goes counter to the history of this neighborhood and will materially alter our neighborhood for us and the generations ahead. Please decline the proposed development in case #19751.

Thank You,
Viyas and Jaya Sundaram
