

Hello,

I am a resident at Ontario 17, the building that will house the new animal clinic. I also live directly above the space to be occupied by the business. I would like to voice my support for the rezoning of the area so the clinic can be established. We have waited many years for a suitable business to move in. We believe that an animal hospital will be a great addition to our community. We prefer it over a restaurant, bar, or similar venue. The animal clinic will certainly improve the quality of life for local residents with pets and bring skills labor to the area.

Please consider supporting the rezoning.

Tony Salamone, Owner of Unit 215, Ontario 17
