Re: Request to Reset Hearing Date for Appeal No. 19777

We are writing to request that the Zoning Board of Adjustment reset the hearing date for Appeal No. 19777. We were able to attend the initial hearing date that you set for July 11th, 2018, but that was then moved to accommodate the summer travel plans of the Appellants to Sept. 26, 2018. However, the new proposed date conflicts with long-standing and unmovable out of town professional responsibilities of mine, and we respectfully ask that you likewise accommodate our request to determine a new and final hearing date that will allow us to participate. Thank you very much for your consideration.

Sincerely,

Peter Ogden and Emma Chanlett-Avery
