Re: Request to Reset Hearing Date for Appeal No. 19777

We are writing to request that the Zoning Board of Adjustment reset the hearing date for Appeal No. 19777. Yesterday, we appeared for our November 14 hearing date at 9:30 a.m., was told that our case would be heard after lunch, but ultimately other cases filled the calendar. At 5:30 p.m., the secretary announced that our case was postponed until November 28, 2018. Unfortunately, the new proposed date conflicts with long-standing and unmovable out of town professional responsibilities. For similar reasons, we are also unavailable on December 12. Thank you very much for your consideration.

Sincerely,

Peter Ogden and Emma Chanlett-Avery
