Re: Case No. 19783 Beyond Light, Inc

Mr. Clifford W. Moy
Secretary, Board of Zoning Adjustment
Office of Zoning
441 4th Street, N.W. Suite 200/210-S
Washington, DC 20001

Dear Secretary Moy;

This letter is to notify you that Advisory Neighborhood Commission will be attended the hearing in the above case on October 17, 2018. The position of the Commission has not changed, that is we are still opposed to granting an exception in the above case primarily because the presence of the facility will have an adverse impact of the residence whose property is contiguous to the proposed men's transitional home.

We would note, as we previously indicated, that the application for the exception is defective in several areas but assuming that the applicant could overcome the application deficiencies, the question of the suitability of the transitional home in the community would remain as the pivotal issue of concern to the Commission and those who are in close proximity to facility.

Because of the limitations imposed on our submission by the IZIS system we will submit our evidence for the record to the Board directly.

Sincerely,

Absalom Jordan
Commissioner 8D03
