DRAFT TRAFFIC MANAGEMENT PLAN (FOR CONSTRUCTION)

FOR BZA CASE NO. 19960

1. The Developer's representative (the "**Representative**") established in Section 1(b) of the Draft Construction Management Plan for BZA Case No. 19960 shall make reasonable efforts to provide notice to the surrounding community of any anticipated construction activity that will impact the passability of surrounding sidewalks (including specific notice of any potential temporary sidewalk closures) and parking on the streets fronting the project.
2. The Developer will make reasonable efforts to ensure that all construction vehicles are contained within the site during construction, and that the entire site remains fenced during construction.
3. Specific truck queuing and routing will be worked out with the DC Department of Transportation and adjacent property owners during the public space permit review process of the Developer's Traffic Control Plan.
