May 17, 2019

Dear Board of Zoning,

Advisory Neighborhood Commission 8D is asking the Board of Zoning for an extension to the decision to provide a letter of support for the Special Exception Relief Type for Case Number 19971 with GRID Alternatives Mid-Atlantic For the District of Columbia.

ANC8D prides its self on being a thorough commission that reviews all requirements and pays attention to the details of community benefits when it comes to development in our area. As a progressive Commission; we also do not want to hold up progress, but in this case we needed additional questions answered to come to an agreement.

We understand that the zoning hearing in question is scheduled for Wednesday, May 22; unfortunately we were not able to obtain a quorum at a special public meeting prior to the deadline. Therefore, we ask that you will allow us to hold our vote at our public meeting set for Thursday, May 23 2019, where we will come to a decision publically and then provide a letter of support within 48hours if the Commission supports the efforts.

If there are any other concerns in regards to this matter, please feel free to contact our Chair Commissioner Henderson at 202-905-6818 or Co-Chair Monique Diop at 202-905-6800

Sincerely,

Commissioner Monique Diop
