Re: BZA Case No. 19982- 1723 Montello Ave, NE- Updated Self-Certification

Dear Members of the Board:

Enclosed is an updated self-certification form reflecting the withdraw of the request for special exception relief from C § 202. The Office of Planning confirmed that the Zoning Administrator would not require relief from this provision at the building permit stage. On May 14, 2019, the Office of the Attorney General requested that the Applicant submit an updated self-certification form, enclosed. As the form is being submitted past the 21-day filing deadline, the Applicant is also submitting Form 150—Motion to Waive the 21-day filing deadline.

Sincerely,

Martin P Sullivan
