

BZA/HPRB Application of Kara Benson
520 Groff Court NE

I am a neighbor of Kara Benson who resides at 520 Groff Court NE. She is seeking zoning relief from the District of Columbia zoning laws, as well as the approval of the Historic Preservation Review Board (HPRB) to build two-story side addition.

I have spoken with Ms. Benson and agreed to the proposed addition, with the understanding that the surrounding homes will still have access to Groff Court and that Groff Court remains unblocked as we have a need for egress and ingress onto the street.
