

PETITION IN SUPPORT OF BZA CASE NO. 20104 – ZETA PHI BETA SORORITY, INCORPORATED

As neighbors to the property located at 1461 S Street, N.W., the undersigned hereby document their support for Zeta Phi Beta Sorority, International's (the "Applicant") Applications for a Special Exception and Variance to allow the use of the first and second floor of the building for office space for a non-profit organization. The Applicant has made a concerted effort to meet and speak with the community regarding its proposed use and applications to the District of Columbia Board of Zoning Adjustment. We feel that the Applicant's intended use of the premises will not have a detrimental impact on the surrounding community. In fact, the Applicant has made significant efforts to meet the neighbors, describe the planned use for the property and assuage any concerns we have regarding the property, i.e. replacing the turf in the yard with grass and addressing a sump pump issue.

We ask that the Board of Zoning Adjustment grant the Applications.
