

Case Number: 20135

To the Board of Zoning Adjustment -

As a neighbor who lives at 3419 O Street (within 80 feet of 3428 O St NW, Washington, DC 20007), we are adamantly opposed to having Call Your Mother Deli move in. We moved in this neighborhood a year and a half ago because it is just that – a residential neighborhood. My husband and I do not support the variance required in order for CYM Deli to operate in a home zoned Residential.

CYM is a destination people travel far to visit and wait in long lines to visit. Between the increased traffic, crowds, garbage, rats, and overall menace CYM would cause the residents of the neighborhood, I am against the variance. Supporting this variance would be substantial detriment to the neighborhood and clearly harm the zone plan.

Respectfully submitted,

Kim and Ben
