Recommendation

No objection to the issuance of a permit for the construction of two new rowhouses, as shown in materials received and dated 5 June 2020 and supplemental materials received and dated 1 July 2020 and 8 July 2020, pending the receipt of supplemental materials. Submission largely conforms with previously approved concept and Commission's advice. Refer to DC Historic Preservation Office. Note: Any subsequent modifications to the approved design, including those made during DCRA technical review, must be resubmitted to the Commission for approval.
