

Subject of the application: BZA Case # 20467
Regarding : Addition to 232 10th ST SE, Washington DC 20003
Submitted by : Geoff Anderson and Harriet Tregoning

Supplemental Party Witness Information:

We have owned and lived at 245 11th St. SE since 1984. Our house is approximately 110 feet south of the applicant's property, diagonally across the alley. We have read the application for party status by Gregory R. Corr, and as long time residents of square 0969 completely share all of his concerns about the disruptive nature to this neighborhood of adding a massive three-story non-conforming structure to our shared alley as proposed by the applicants in BZA Case #20467.
