I have lived on Fulton Street, NW for nearly 30 years during which time I have witnessed the building of additions and/or decks to the rear of most of the houses on this street. I have fully endorsed these additions and decks, as they have made these small houses more comfortable and livable, enhancing the quality of life for the homeowners. In the case of Mr. Halligan, his addition/deck will be in the back of his residence at 5182 Fulton St., NW and will not in any way impact the front view of the houses. He has shared the plans of his intended renovations and I enthusiastically support them wholeheartedly.

Sincerely,
