

Letter in Opposition to BZA Case #20603

I strongly oppose BZA Case #20603 for the following reasons.

1. The proposed commercial storage structure is inappropriate for our neighborhood.
2. Construction of this storage structure blocks light, air and privacy to existing apartment windows in the neighboring building. This would have an adverse impact on 1641 R ST, which is currently being converted at great time, effort and expense into a beautiful residential structure that will be an asset to our neighborhood for many years to come.

I request that you vote to **OPPOSE** BZA Case #20603.
