My wife, Carol Kachadoorian, and I want to make sure that we are recognized as strong supporters of Friends of the Field. We live at 3035 Oliver ST NW, just across Nebraska Ave and with a direct view of the proposed entrance and the ball diamond. We are concerned about the lack of information, the lack of transparency, and an appearance of bias.

I have contacted other neighbors on Oliver and there is real interest in joining FOF.
