

To Whom it May Concern:

I am a neighbor of Bradley and Margaret (Maggie) Gentile and their three daughters. I have been shown preliminary designs for their home addition and have no concerns. I support their ability to complete this project.

Thank you.

Best,

Hi Maggie,

Your signed document is attached. The owner Kim Mansaray is in Mongolia and so asked me to sign/send. Please consider this email her acknowledgement and support of your project.

Again, if for any reason your men need to get onto the 338 15th Street, SE roof (and I believe they will at some point), please insure adequate protection using drop cloths or plywood or whatever. I have had damages in the past so just want to avoid that.

Best Regards,

Tom Cash
