

To Whom It May Concern:

I am writing in support of the proposed addition to 1500 D St. SE. As an adjacent neighbor I have appreciated all of the upgrades that the Gentiles have made over the last three years to their property including beautifying the block with trees and landscaping, in addition to the painting enhancements that has added to the curb appeal of our neighborhood. We have enjoyed their friendliness as we walk by and are glad they are a part of our Hill East community. We recommend this project be approved.

Thank you,

*Michael Kloppelung*
