Re: Letter of Support for 2205 Flagler Pl NW

Dear Chairperson Hill and Members of the Board,

I own the property at 2134 Flagler Pl NW and have spoken with Jay Lurie about his plans to replace his deck in the rear of his home. I have reviewed his plans and understand the zoning relief request from the requirements for lot occupancy and rear yard measurements.

I am writing to offer my full support for this application. I am familiar with the property as it is situated diagonal across the street from my property. Jay has made himself available to answer my questions, and he is up-front with me on construction plans related to his property. The proposed deck is of reasonable size, and I do not believe it will cause any adverse impact to my property or neighboring properties. The deck is also compatible with the homes on the 2200 eastern block of Flagler Pl NW, many of which have back decks facing the alley with limited visibility from W St NW. Several homes on the block have rear additions or decks that extend to an equal or greater lot occupancy than what Jay is proposing at 2205 Flagler Pl NW.

Finally, I am familiar with the workmanship quality of the proposed plan, as Jay and I are aligned on which type of wood and stone would be the longest lasting and fit within the aesthetic of the neighborhood.

Overall, the proposed project will serve as a great addition to the neighborhood. I therefore recommend the Board approve the zoning relief and allow the building process to move forward. Thank you for your consideration and service.

Sincerely,
