Re: ANC 5E Zoning Committee: BZA case #20777, 206 P St. NW, review on June 7th

I support the proposed conversion of the two third-floor windows at 206 P St NW into a single dormer covering the same space. I believe that the project will have no adverse impact on the neighborhood or the appearance of neighborhood homes. The proposed changes are even likely to increase the appeal of the building and the area.

Sincerely,
