To whom it may concern:

In regard to the BZA case #20777, I am in support of the proposed dormer update for 206 P St NW unit 2 which is above my unit. I live in 206 P Street NW unit 1 – basement unit of same building. I believe this will not have a negative impact on our property or on the neighborhood, as a whole. In fact, it will bring an updated look to the area.

Best,
