Good morning!

I'm thrilled to see that additional housing units are being planned for the corner of 1st and Kennedy St NW. Hopefully some of those will be affordable units. But I'm writing today to express concern that the current plans do not include 1st floor retail space. I loved having La Coop within walking distance of my house and would love to see it replaced with a similar business. That won't happen if the new building doesn't have commercial space. Please consider adding a 1st floor retail space component back into the planning for any development that happens at 1st and Kennedy St NW.

Thanks for your time!
