

Statement of Contact – ANC and Community
Project – 1410 Hopkins Street, NW

I, Gay Hardwick, acting on behalf of Dick Miller and Katie Ziegler, have contacted the ANC 2B about the proposed BZA Special Exception and Variance requests. We have contacted the Dupont Circle Conservancy and expect to present the project to them in the near future. In addition, we have shared the application request and architectural plans with the neighbors and have signed letters of support for the project. If for what ever reason, the ANC is not responsive, I will submit a statement about the attempted contacts a minimum of 21 days before the scheduled BZA hearing.
