Re: Statement of Public Outreach

To whom it may concern,

The following efforts have been made to apprise the affected Advisory Neighborhood Commission (ANC) and other individuals and community groups concerning the special exception application:

1. The owners have been in contact with ANC 3E Chair Jon Bender and ANC 3E02 Commissioner Amy Hall to make them aware of their application for a special exception. Mr. Bender and Ms. Hall have indicated a presentation and vote before the board would be scheduled once the application has been submitted to the Board of Zoning Adjustment and the package of information has been shared with them.
2. The homeowners have reached out to all their immediate neighbors and are in the process of obtaining signatures from them stating they have no objections to the proposed addition to the home, and they will be submitted upon receipt.

Sincerely,

Jeffrey Hains
