Dear ANC 3F,

We love living in your ANC and hope to continue to do that as our family grows. We are seeking your approval for an addition to the rear of 2918 Upton St. NW. The addition will extend 15' plus a 10' deck replacing an existing 11' covered patio.

The addition (except the deck) will match up with the special exception granted to our attached neighbor 2916 Upton St. NW, and our attached neighbor is in support of our addition.

Drawings and plans are in the IZIS file, however we would be glad to submit any additional information you need. We can be reached at 401-743-9340.

Thank you,
Theresa Roosevelt
