**RE:** STATEMENT OF APPLICANT'S INTENT TO CONTACT THE LOCAL ANC.

To Whom It May Concern,

I, MATEUSZ DZIERZANOWSKI, as the assigned agent to the project agree to contact the local ANC following our initial application for area variance, and within the stipulated 21 days prior to our assigned hearing date.

I agree to contact the respective board members of the local ANC board, which is ANC 8A, as soon as possible to provide whatever information is requested in addition to the full application for area variance and special exception.

In addition the notification of the ANC, DZ architecture, LLC, on behalf of the client, will also be forwarding along a submittal letter, property surveys, and our contact information so that we may be made available to be contacted by any of the adjacent neighbors leading up until the hearing date.

I will obtain any required reports and documents needed from the ANC in order to finalize our application prior to our hearing date. In the event that we are required to present at the respective ANC hearing dates, we will coordinate directly with the ANC for the dates and times to ensure that their review will align with our proposed hearing date.

Any further questions or concerns about our intent can be answered by contacting me directly via email or telephone.

Sincerely,

Mateusz Dzierzanowski
