

Statement Of Public Outreach

I located my local ANC 6a and visited their website to retrieve their contact information. I emailed the email provided to contact the ANC at anc6a@yahoo.com on July 1st 2019 telling them about my proposed project and asking how to present it for review; I have not received a response.

On July 10th 2019 I forwarded my previous email to the Chair Amber Grove letting her know I have not received a response and for further instruction to present my proposed project for review. As of today I have not received a response from her as well.
