

**Statement of Public Outreach
Request of Special Exception Approval
3917 Military Road, NW**

July 12, 2019

Dear Board of Zoning Adjustment:

In July 2019 we contacted our immediate neighbors to the west at 3921 Military Road NW and informed them of our plans to build a second story addition over the existing first floor family room. These neighbors have submitted a letter of support for our application.

In July 2019 we contacted our immediate neighbors to the east at 3915 Military Road NW and informed them of our plans to build a second story addition over the existing first floor family room. These neighbors have submitted a letter of support for our application.

On July 12, 2019 I e-mailed our ANC Chairperson, Randy Speck, to inform him of our plans to add a rear addition to the home. This communication included an explanation, photographs and architectural drawings. The ANC is not scheduled to meet over the summer.

We will make all required efforts to engage the community and interested parties.

Respectfully,

Robert Winston Sale
3917 Military Road NW
